RULES & REGULATIONS:

All Brand Partners and Preferred Customers can participate in the 3UR Free program*. You can qualify to receive your monthly NeriumAD night cream for free!

- 1. You must have at least three Preferred Customers, each with fully paid ADOs with at least one bottle of NeriumAD Age-Defying Treatment being shipped per calendar month.**
- 2. When you and your three Preferred Customers have successful ADOs in a calendar month, the next month, you will receive for free the greater of:**

- a. The number of NeriumAD night cream bottles you have on your ADO.

OR

- b. The total number of NeriumAD night cream bottles you have earned, which are based on the number of Preferred Customer ADO orders processed in the previous calendar month.

The total Auto-Delivery Volume (ADV) of your personally sponsored Preferred Customers must be three times the ADV of your order. For example, if the total ADV of your personally sponsored Preferred Customers is 480, then you can receive up to 160 ADV for free (you pay shipping and handling only). This is not a cash discount, so your product total ADV must be 160 ADV or less. You can earn up to a total of 250 ADV free every month!

* This program is only applicable to NeriumAD night cream.
